

Hello, and greeting from the Commander, Department of Alabama, DAV.

We believe that this theme resonates deeply with the mission of our organization and the work we do for veterans. Solidarity is about coming together as a community and working together towards a common goal. It's about recognizing that we are all in this together and that the struggles of one are the struggles of all.

As we move forward into the new fiscal year, we are committed to promoting solidarity in everything we do. We want to create a sense of unity among our chapters and members, and to encourage collaboration and teamwork. We believe that by working together, we can achieve great things and make a real difference in the lives of our veterans.

So, what does solidarity look like in practice? It means supporting each other and sharing resources and knowledge. It means being there for our fellow members when they need us and offering a helping hand whenever possible. It means working towards common goals and celebrating our successes together.

We believe that promoting solidarity will not only benefit our organization, but also the veterans we serve. By coming together and working as a team, we can provide even better support and services to those who have served our country. This is our mission, and we are committed to fulfilling it with the spirit of solidarity at the forefront.

In conclusion, we want to thank all of our members for your dedication and hard work in serving veterans. We are excited to see what we can achieve together in the coming year, and we look forward to promoting the theme of solidarity in all aspects of our work. Let's continue to make a difference and show our veterans that we are here for them, always.

Best,

Leon Grove
