# Who We Are

## LEADERSHIP

Operation North State's founder, Terry Snyder, has promoted North Carolina's People, Places, Products and Pride since 1995 when he opened Kicks & Grins – one of the first, if not the first, North Carolina product store. Mr. Snyder of Winston-Salem, NC (the Founder of Operation North State) serves as the organization's Chairman and is a Proud Volunteer! Mr. Snyder has served on various non-profit boards on multiple occasions. In addition, he has 30 years of sales/marketing experience in banking software and services and the real estate industry. Snyder's current "day job" is the owner of Kicks & Grins Replacement Flags and "Poppy" to grandson Camden.

Charlie Smith from Raleigh is Operation North State's Chief Military Advisor. In 2011, Mr. Smith retired from the State of North Carolina after more than 40 years of service which included serving 22 years as the Director of the NC Division of Veterans Affairs and the Assistant Secretary for the N.C. Division of Veterans Affairs Department of Administration. Mr. Smith was awarded the State of North Carolina's "The Order of the Long Leaf Pine" by Governors Jim Martin and Beverly Perdue.

Snyder and Smith are "Proud Volunteers"; Operation North State is an ALL-VOLUNTEER organization. ONS is honored to receive financial, product, services and volunteer support from thousands of folks from around the state and North Carolina's premier companies, brands and service organizations.

**Operation North State** is a 501 3c non-profit (ALL VOLUNTEER) organization which currently offers eighteen (18) "unique" military / veterans support services programs for North Carolina's deployed troops and veterans-in-need.

In 2018, ONS will feature its 9th Annual NCCARES Christmas Box Project - utilizing NC's People, Places, Products and Pride to send 1500 NCCARES Christmas Boxes to North Carolina deployed troops.

ONS' EIGHT (8) Top Shelf Fishin' Festivals held throughout the state are second-to-none. The Fishin' Festivals host NC's Wound Warriors / DVets and if required their respective caregivers. Several wounded warriors and DVets attend from neighboring South Carolina and Virginia too.
