DAV Chapter 16
232 Union Ave Rt. 28
Somerville, NJ 08876

Thank you!

Please accept our most gracious thanks for your gift of \$100.00 to the Blind Veterans National Chapter 1, Disabled American Veterans.

The Blind Chapter formed in 1925 as the only formal national chapter of the DAV. Your donation pays tribute and expresses a deep compassion to DAV's fellowship towards our Nation's blind members. Your generosity is as important today as a new generation faces the loss of sight and independence. Equally important is the blindness that attacks our older veteran members through age related blindness. Thanks to this donation, our blind veterans (youngest and the oldest) will be able to count on DAV services throughout their lives. These donations aid directly to help increase quality of life to our blind veterans; whether it be through VA sponsored sports clinics or used to help our blind veterans in the 13 blind rehabilitation centers throughout the United States. Through these Clinics and Centers our blind veterans learn how to become independent and once again attain a quality of life once thought lost.

Again, thank you for your considerate donation.

Sincerely,

Paul W. Kaminsky
Adjutant/Treasurer
