

WELCOME HOME CELEBRATION!

The Department of Defense is mandated to commemorate the 50th anniversary of the Vietnam War beginning 2015 thru 2017. This effort is to recognize the sacrifice of those veterans and their families. Commemorative activities are being held across the nation...*come be a part of this effort!*

For many men and women from that war, this will be a long awaited WELCOME HOME after returning to, then, a politically unwelcoming nation.

A COST FREE outdoor patriotic concert is planned for: **7:30 PM July 2, 2015 at the Furman Concert Lake, 3300 Poinsett Highway, Greenville, South Carolina 29613. www.furman.edu/music**

Although a part of this concert will be Vietnam veteran-focused, overall it is a FREE public oriented civic celebration with recognition for all our active duty military, veterans, their families and supporters.

VFW Post 6734 has partnered with Furman University in this bicentennial celebration and ***WE ARE ASKING THAT YOU JOIN US!!***

We're asking you to share the news of the concert with your members. If possible, will you participate by manning an information table? You have valuable information to share with our veterans, active duty military personnel, and their families.

Furman will supply your table. Just bring your brochures, flyers and other informational handouts possibly at your disposal. Please consider, in addition to sharing valuable information to the veterans, this a valuable opportunity for recruiting to your organization and spreading the message about your mission.

A reply would be highly welcomed to assist Furman with the number of tables they will need.

Thank you for all you do for our heroes, their families and the nation. GOD BLESS YOU AND GOD BLESS THESE UNITED STATES OF AMERICA!

Regards,

Roy Miller
