

Members of DAV 187!!

As you know I went to the DAV National Convention and while I received some posters from the VA on "NATIONAL POW/MIA RECOGNITION DAY." These posters do not sponsored any group or organization other to remind the American people to remember that these veterans are still missing and their families have lost a great part of their life. These men and women are heroes and should be remembered every day, not just one. When they told me that they would not put up such things I made a vow then that I would not go back to that store until they came out and tell the would they were sorry and how they were going to make up to these heroes and their families that they had made a BIG MISTAKE.

Remember that if it were not for the veterans Wal-Mart would not be around and make the all this money. These men and women gave all so we could have the freedoms that we enjoy today and to brush them off as was done is to say that they are not America's store and we should remember this.
